

objet

Kumamon & shadows

cone

【外側 (outside)】

- ① 2つのページを縦方向に両面印刷してください。
Please print the template below onto both sides of an A4 piece of paper in portrait orientation.
- ② ★ の付いたくまモンはカッター等で切り抜き、実線に沿って扇形を切り抜いてください。
Please cut out the [STAR] Kumamon with a craft knife and also cut out the section by following along the solid line.
- ③ 扇形を巻き、紙の重なった所を洗濯バサミ等でしばらく挟んだ後、のりしろをもう一方の端に糊づけしてください。
Please make the outside piece into a cone shape and then attach some paper clips where the paper overlaps, to hold it together. Afterwards glue the tab to the other edge.

【底板 (bottom plate)】

④ 破線に沿って正方形をくり抜き、厚さ 1.5 mm くらいのコルク板に糊づけしてください。

翌日、★の付いたくまモンをカッター等で切り抜き、実線に沿って円板をくり抜いてください。

Please cut out the square by following along the dashed line and then stick it on a corkboard that is about 1.5mm thick.

The next day please cut out the [STAR] Kumamon with a craft knife and also cut out the disc by following along the solid line.

【内側 (inside)】

断面図
(cross section)

⑤ コルク板の厚みのために側面と底板との間には隙 (すき) 間が生じます。そのため、糊は底板の上縁の 4 箇所だけに塗り、底板に側面をくっつけてください。

There will be a small gap between the side and the bottom plate because of the thickness of the corkboard. So please apply paste to only four places around the circumference of the bottom plate, then attach the side to it.

⑥ 底板と側面とを強くくっつけるために、翌日、側面の穴から細い棒を入れて、その棒で底板と側面との間、4 箇所に木工ボンドを塗ってください。

The next day please insert a thin stick from the hole in the side of the cone and then apply woodwork bond in four places between the bottom plate and the side of the cone to firmly attach them.
